Milam County ARES NEWS

KD5WRO Commentary

REPEATER ANNIVERSARY

This July 4th marks 4 years of repeater operation here in Milam County. Our repeater went on the air on 147.020 Mhz on July 4, 2008. After an initial problem with the hook-up the repeater has operated 24/7 since that time. The coverage extends from the Brazos River south of Brenham and out to the west to Temple and Belton.

HURRICANE SEASON

We have entered the 2012 Hurricane Season and a tropical storm has started. Long range predictions say there is a 50/50 chance of a large Category 4 or 5 to strike the US mainland this year. Please be ready to help out whether we have a hurricane or a tornado.
